No doubt about it, we have reached the GOOD OLD SUMMER TIME and every woman is considering ways and means for keeping cool. In this connection we would say that our Ladies' Wear Department was never better prepared to meet all your requirements than just now, just at the beginning of the hot season, we have just what you may need in Ladies' and Children's wear.

100 Ladies' Colored Wash Dresses at \$1.95 each

Hore's a wonderful Dress Baying Opportunity, for in this collection of Unighari, Chambray and Percale Wash Drosses, there are regular values up to \$4.00 excl., and every Dress in-very nearly made and trin,med; in fact, these are all New York made drexes in all the runner colors; all uno price, only \$1.15 casts.

Girl's Middys 59c to \$2.50

Ladies' Hose 35c or 3 pairs for \$1.00

HAVE YOU SEEN OUR TABLE OF \$1.00 BLOUSES ?

News That Will Draw You to Our Ready-to-Wear Section

This week we are placing on sale a large number of Women's High Grade Summer Dresses and this one fact should interest every thrifty woman in Belleville, but the price is more interesting. These dresses are not this season's, they are last season's, but the qualities are excellent and the styles are not extreme, thus re-flecting some of the style tendencies of the pre-sent season. They are in muslins, mulls and ginghams, in good fast colors, sizes 34 to 40. Regular price up to \$7.50, on sale at \$1.98

Misses' Princess Slips

These are well made and nicely trimmed

A special line trimmed with lace and insertion and ribbon running through \$1.00

Children's Print Dresses

35¢ yard

Children's Print Dresses \$1.50 Children's Lawn Dresses 79c

These are weederful values at the price, ask. They are in prints, glaghems and chamberay unbedden tyles. They are well made and a could fitting drass, and the quality would ward us stilling them at a much higher price. Spei value at \$1.50.

Other prices, 150: 16 \$4.50.

New Style American Lady Corsets \$2.50

The sprical feature of this new lins of ceratis is that it has no stars over the hip bons, making it an extra constraint before the hip bons, making it an extra constraint because if so the warm weather. They are made at eatra quality white cotten with here hose supporters, also it is 10. Bon't miss seeing this line at only \$23.8. Other prices in American Lady Correct. \$13.80 to \$3.15.

Ladies' Balbriggan Vests

33 Children's White Lawn Dresses 12 and collection with Lawn Dresses to be tied entirely out at 76. The dresses are nice trimmed with embreddery and lace and are were from \$150 to \$2.50. but being algebra selfed handling, we will clean them out this week at 7 each. Sizes to \$15 months to \$1,000.

Special Showing of Ladies' New Waists

GREAT GAS RANGE **DEMONSTRATION**

(GURNEY-OXFORD)

Friday, July 4th

THE JOHN LEWIS CO., LTD. are giving a big demonstration in the interests of better cooking with less work and worry. The best cooking equipment is none to good for the house keepers of Belleville and that is why we want to have the opportunity of explaining these new Gurney-Oxfords to everyone, especially those who will be buying a range soon. We shall bake cakes and biscuits right in our store for you to sample and to give you actual proof of the unexcelled baking the Gurney-Oxford will do. We shall have demonstrat who will show you in a few words the many time and labor saving features of this range.

If you are not buying a range come in anyway; look the range over, and have a cup of coffee and cakes or biscuits, and ask your friends to come. If you are buying, it will be against your interests to miss this demonstration. This Gurney-Oxford is the highest achievement in stove building. Already this year literally thousands have been sold and are giving complete satisfaction to their owners.

This New Gurney-Oxford is the most popular Gas Range in Canada today. It is the well-known Gurney-Oxford peoples latest success.

TO-MORROW - ALL DAY -FRIDAY, JULY 4TH The John Lewis Co., Ltd. Belleville

"I Never See You Dusting" said Mrs. White

WELL, Mrs. White, I'll confess that I don't have to do much dusting since we got our McClary's Sunshine Furnace.

"You don't say so, Mrs. Wright. What difference does that make? Isn't one fur-nace the same as another?"

"Well, I'll tell you, Mrs. White— McClary's Sunshine is certainly different from our last furnace. It's a clean furnace. It has what McClary's call a sure-acting dust flue."

"Yes, and when George, my husband, 'rocks' down the ashes—he doesn't have to break his back shaking the Sunshine, you know—the dust all goes up the sure-acting dust flue. It doesn't come up into the house."

"Wish our furnace was a Sunshine, Mrs. "Wish our furnace was a Sunshine, Mrs. Wright. And you should just see Mr. White after shaking our furnace. Mad! Well, I should say so. And he sure looks his name. He is WHITE. His suits are ruined, he declares, as soon as he gets them, and he swears that the thing is not a furnace at all, but a patent ccal-consumer gotten out to benefit the coal man."

"But why not get your husband to put in a Sunshine furnace, Mrs. White? You can persuade him to do most anything for you. And it will cut down your coal bills. We burn a third less coal with the Sunshine."

Clearing Sale of Japanese Sea Grass Furniture

Your Choice

Chairs

SEE WINDOWS TO-NIGHT

About two months ago we announced the arrival of a car load of Japanese Sea Grass Furniture, and that shipment, with the exception of 15 chairs, has been entirely cleared out, and in order to effect an immediate clearance of these 15 Japanese Sea Grass Chairs we are placing them on sale TUESDAY and WED-NESDAY at the ridiculously low price of \$4.90, and remember these chairs sold regularly as high as \$7.00 each.

Japanese Sea Grass Furniture is exceedingly well made, the straw is very lough yet flexible and it is mounted on strong malacca frames. A more comfortable chair or rocker could not be wished. They are meant in every way for rest. For the lawn, verandab, garden, summer cottage, there is no kind of furniture more durable, more appropriate or more artistic than lapramere Sea Grass Furniture. It blends in perfect harmony with the natural surroundings lending its own ortistic lines to other features of your furnishings.

See them in the windows tonight and be on hand early in the morning and make your selection as there are several different style chairs and

Detection and **Proof of Forgery**

(By J. W. Johnson, F.C.A., M.P.P.) Detection and proof of forgers in handwriting are best accomplished by comparing the alleged forgers, say is a signature, with a number of signaa signature, with a number of signa-tures that are admittedly genuine. The handwrifting of an individual is as much a part of his identity as are the features of his face, his voice, his walk and carriage. Without an effort that is strained and unnatural, and therefore easily detected, a man cau-not counterfeit the features, the voice or walk or carriage of another. So it is with handwriting; the uncement of the arms and fingers that prod the writing of an individual is as the arms and higgers that produce the writing of an individual is as un conciously performed as is the more ment of the legs in walking; thus us breeds a habit that becomes so con firmed that the man's walk and hand writing are his alone and are so re

cognized.

When considering a case of alleged forgery, bear in mind the facts above stated and the principles they imply, and if you are accustomed to receive and deal with the correspondence of many people, you can competent to give valuable cridence in a court of estice on a charge of forgery. The

re two things to do: 1st.—Become familiar with the It! Drooms sammer was a see and it will be in the mind, through the eye, as listing as any other personal characistinct as any other person cou net as any either personal charac-tic of the person could be, and rever the signature is seen, on a use, on a draft, on a note, on a ,, on a mortgage, or on a letter, ill be recognized as the signature ity of error.

2nd .- Following the general compit will be well to analyze an pare the letters forming the words an their connections and combinations and what has been conviction as the result of the general comparison when taken with the analyses, be-

Doctors Opinions About POSTUM

Are best expressed in their own words Writing under date of May 13th, 1913, one physicion says :

"From 1034 experience I have become a strong friend of Postom. I am now advising its une over that of tex and order advergeties, and find that that of text and offer advergeties, and find that one of the strong o

Orein and Cotton Herkets.

It may be better to give than to receive, but few of us are in a posi-tion to keep it up undefinitely.

Postum if they could but have a sample of it placed in their hands. "If you think this is a good suggestion, and wil

"If you think this is a good, suggestion, and will aend me amples from time to time. I will see that they are placed among my patients where they will do the most good, for I believe it is to their in-terest to drink Postum rather than tes or coffee. Postum is used in our beane, but we buy it of our greever, and we expect to keep right on doing as,"

Thousands of tea and coffee drinkers are victims of headache, nervousness, biliousness, trouble and indigestion, without knowing the cause.

More and more, physicians are naming tea and coffee as a common cause of these lifs Not every physician, however, finds time to send a sample following his preacciption of

two young men named Bain and MeMahon.

reached shore.
Bonlines were lighted along the shore for miles to serve, as beacons for those supposed to be struggling with the high wares. Up to noon to-day no trace of the missing had been found. The high wind interrupted telephone communication with Windmill Point, and meyrige details filtered in from returning excursionists.

Clearing Sale of

Japanese Sea Grass

Furniture

SEE WINDOWS TO-NIGHT About two months ago we announced the arrival of a car load of Japanese Sea Grass Furniture, and that shipment, with the exception of 15 chairs, has been entirely cleared out, and in order to effect an immediate clearance of these 15 Japanese Sea

Grass Chairs we are placing them on sale TUESDAY and WED-NESDAY at the ridiculously low price of \$4.90, and remember these chairs sold regularly as high as \$7.00 each.

Japanese Sea Grass Furniture is exceedingly well made, the straw is very tough yet flexible and it is mounted on strong malacca frames. A more comfortable chair or rocker could not be wished. They are meant in every way for rest. For the lawn, verandah, garden, summer cottage, there is no kind of furniture more durable, more appropriate or more artistic than Japanese Sea Grass Furniture. It believes the strain for the stra

Dr. Johopon's Barcasm.
Dr. Johnson was in the coupony of a restlemon wiso affected to maintain Dean Herkeley's strange position 'that totiling exists but as perceived by some unleaf.' When the gentleman was going away Dr. Johnson said to him, "Pray, sir, don't leave us, for we may perhaps forcef to blink or you, said then you will cease to exist."

Penetrating Colors.

Even under the most favorable conditions white yellow, green and red are the only colored lights which can be projected more than three miles through lenses. 4000

Make Your Verandah More Beautiful and Enticing

SOME INFORMATION THAT WILL HELP YOU

The Celebrated Waldo Wood-Webb Verandah Shades

We have no hesitately in saying that these shades equal in appearance and wear the more expensive shades. They do not stop the vision at close range and they are made in such a way that you can get full benefit of the breeze on your verandah, these are only a few of the conforts derived from using these shades. They are in

are at present enjoying, when we take to the verandah as a place to cool off, rest and breathe the fresh air. But are you realizing as much comfort from your verandah as you really should? Are the surroundings pleasant and enticing? Is your verandah floor covered with a verandah mat or is it bare and uninviting ? Are you exposed to the sun and the street by not hav-ing a verandah shade? You will shade? You will be surprised at the small amount of money it takes to money it takes to make a verandah what it really ought to be for comfort and rest. Glance over these few hints then come in.

It is during such beautiful warm weather that we

Bamboo Verandah Shades \$1.00 to \$2.50

For those who cannot afford the more expensive verandah shades these are an excellent substitute. They are made of Japanese Banboo in natural and green shades in all the standard sizes, from 4 ft, wide to 10 ft, wide. Prices \$1.00 to \$2.50.

Sea Grass Verandah Rugs \$1.69 to \$8.50

These see grass mats for the foot of t versatish would be hard to be improved on wear and looks. They have Greens and pla borders, in trooms, greens, reds and blo-sizes from small. Hearth Rug to good size fi-gure. Prives from \$1.00 to \$8.00.

Japanese Verandah Shades \$2.75 to \$7.75

e Japanese Verandah Shadea are made y fine quality split hamboo. They are and will give excellent service. They in the combination shades, natural and sizes 4 ft. to 12 ft. wide. Prices \$2.75

Japanese Verandah Mats 38c to 50c

These are in stencilled patterns on one side and plain natural volor on reverse side. This line also includes the duplex woven rug in brilliant designs and colors in blue, green and crimon in all the standard shoe. Prices Sec.

LIBERAL ATTACK ON RAILWAY COMMISSION PARTISAN NONSENSE

nt because the Railway Commission, it was claimed, had not

Government, because the Railway Commission, it was claimed, and moved faster in its investigation into the western freight rates case. It was even instinuated that the Government counsed was doing all posite to delay progress. The Liberal members who were responsible for the attack disclaimed that they were attacking the Railway Commission although no other interpretation could be put upon their words.

However developments since the House closed show how ridivulues and how partians was the attack. The Railway Commission held a sit-ing is Jane when the government coused entitled their case. Instead of how partians was the attack. The Railway Commission held a sit-ing is Jane when the government coused entitled their case. Instead in the site of the sit that the cost of carrying freight should be based on the cost of sportation, and on this line of reasoning they built up their case and-presented an enormous amount of figures to show why rates should be reduced. In order to complete exhibits and to give the railways time make reply, a nine weeks adjournment was allowed, though Chair

to make repty, a mne weeks adjournment was allowed, though Chair-man Drayton in making the adjournment made it plant that he wanted no unnecessary delay and the case must be pushed to a rapid conclusion. Incidentally it is interesting to note that on July 1 there went into effect new express rates which will give for the West a reduction of no less than twenty per cent, and which are a result of an order issued by Chairman Drayton, of the commission, appointed by the Borden Government. This is the first substantial rate reduction the west has ever secured, and the credit is all due to the Borden Government and Chairman Drayton, avoiding the best of the credit is all due to the Borden Government and

ever secured, and the credit is all due to the Borden Gurvanuera and Chairman Daryton, appointed by the person administration.

Just how valuable the new rates will be to Western Canada can to try well be estimated in advance, but it is helivared that the reduction of approximately twenty per cost, will go a long way normaly reducing the cost of fiving a suger, butter, milk and freity will not be the produced of the cost of fiving a suger, butter, milk and freity will not be the produced of the cost of th

of express shipments from Eastern Canada to the West as the consum er will get the advantage of the reduction in rates from Sudhury west year get the advantage of the reduction in rates from Sudhiry west.

For instance, from Montreal to Saskatoon the present rate on a addrest pounds is \$7.25, and under the new rate it will b a dollar less, \$5.25. The rate from Montreal to Saskatoon:

The rate from Monitreal to Saskatson:

to fliss. \$1.20 \$1.15
20 fliss. 1.80 1.03
30 fliss. 1.80 1.03
40 fliss. 3.00 2.05

beautiful warm weather that we are at present enjoying, when we take to the verandah as a place to cool off, rest and breathe the fresh air. But are you realizing as much comfort from your

verandah as you really should? Are

the surroundings pleasant and enticing? Is your verandah floor covered with a verandah mat or is it bare and uninviting ? Are you exposed to the sun and the street by not hav-ing a verandah shade? You will

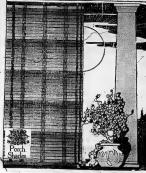

be surprised at the small amount of money it takes to

make a verandah what it really ought to be for comfort and rest. Glance over these

hints .then

Make Your Verandah More Beautiful and Enticing

SOME INFORMATION THAT WILL HELP YOU

The Celebrated Waldo Wood-Webb Verandah Shades

We have no hesitancy in saying that these shades equal in ap-pearance and wear the more expensive shades. They do not stop the vision at close trange and they are made in such a way that you can get full benefit of the breeze on your versandsh, these are only a few of the comforts derived from using these shades. They are in plain green and white and green combination, sizes from 4 feet wide to 10 feet wide. Prices \$3.50 to \$6.50.

Japanese Verandah Shades \$2.75 to \$7.75

These Japanese Verandah Shadas are made of very fine quality split bamboo. They are atrong and will give excellent service. They come in the combination shades, natural and green, sizes 4 ft. to 12 ft. wide. Prices \$2.75 to \$7.75.

Sea Grass Verandah Rugs \$1.69 to \$8.50

These sea grass mais for the floor of the versudab would be hard to be improved on for wear and looks. They have Greeian and-plain borders, in browns, greens, reds and blues,

Bamboo Verandah Shades

\$1.00 to \$2.50

For those who cannot afford the more expensive versudals shades these are an excellent substitute. They are made of Japanese Bamboo in natural arguer shades in all the standard sizes, from 4 is, wide to 10 is, wide. Prices \$1.00 to \$2.50.

Japanese Verandah Mats

38c to 50c

These are in stencilled patterns on one aide and plain natural color on reverse side. This line abe includes the duplex woven rug in brilliant Jessians and colors, in blue, green and criseon in all the standard sizes. Prices 38c. to 32.

Clearing Sale of Japanese Sea Grass Furniture

Your Choice \$4.90

About two nouths ago we announced the arrival of a car load of Japanese Sea Grass Furniture, ain hipment, with the exception of 15 chairs, has been eatherly cleared out, and in order to effect an date clearance of these 15 Japanese Sea Graya Chair we are placing them on sale at the ridiculous price of \$4.90, and reinember, these chairs sold regularly as high as \$7.00 each.

Japanese Sea Grass Farniture is exveelingly well made, the straw is very loosel, yet flexible, and it, it mounted on strong underes frames. A more confortable claim or recker could not be wished. They are mount in every say for a rest. For the lawn, verandable, gorden, anomer cottage, there is no kind of furniture more dorable, more appropriate or more artistic than Japanese Sea Grass Parmiture. It blends in par feet becausey with the untartakeromoniliege, bedome is own artistic intent to other festures of your (grainings).

SIX-TENTH GRADE FROM

MONTREAL TO HALIFAX

Hod. Frank Cochrane, Minister of Railways, is determined to make of the run-down Intercolonial Railway, a first class road, equal to any road on the continent, and one of which Canada can be proud. Mr. Occhrane, along with new General Manager of the road, F. P. Gudelius, have just returned from a tour of inspection of the line. nents will be as a result, a number of important changes and improvements will be instituted. The first aim now is to create a six-tenth grade from the city

Montreal to Halifax and Sydney, and this change, it is expected, il be brought about at the rate of about one hundred miles each year. "Engineers are going over the road, and not until they make their nal reports will any decision be reached," said Mr. Gutelius this week. There are, however, several projects on foot to remedy this heavy grade, one being the southerly route and another to the north, but whatever is done, the six-tenth grade both ways will be adhered to and when completed at the rate of one hundred miles each season, a

and when completed at the rate of, one hundred miles each season, a very high rate of speed will be obtained on the Government railway between Montreal and St. John and Hulffax." As for the sections where a change in the location would be required for a six-tenth grade, the legendral manager said that the old parts would be then considered as Another hig improvement which is under consideration is the tion of double-tracking the Intercolonial. The piece from Levis to adiere, about thirteen miles, will be done this season as the money has been voted for this section. Already there is a double line from Moncton to Pansac Junction and from Halifax to Windsor junction, and other sections will be taken up in the near-future.

ouer sections wil no taken up in the near-duture.

A strong stall of expert railroad men are being gathered around Mr. Gutellus and every possible effort will be made to make the next robotolia I are all milroad, not an adjunct of a political machine. C. A. Hayes, formerly of the Grand Trusk, is now general traffic manager, F. B. Brady is general superintendent and, C. P. Brown, formerly been made of the appointment of W. A. Duff as chief engineer of bridges of the Intercolonial. His record is first class and he has just concluded an engagement with the National Transcontinental as assistant engineer

The Courage-giver
All day her wistful face looks out
Above the sordid street,
Through all December's gusty sac
Through all the August heat,
A little captive of the siums,
Usenvious and sweet.

The other children run below,
On play or errand bent;
She watches them from dawn to d
With great brown eyes latent,
Breaking all shackies of the flesh
in that high tenement.

Yet he who passes day by day,
And they who minister
Besido her to the few cheap wants.
Like some awed worshipper
Wonder, before that placid brow;
"What use is life to her?"

The Suspicious Coal Man

OU'RE not buying as much coal this winter," said the coal man frowning darkly at Mr. McBride. "So, you noticed that, did you?" remarked McBride with a smile of keen delight.

"Buying somewhere else?" questioned the suspicious coal man.

"No, just threw out the old 'Warhorse' that I had in my cellar and put in a McClary's Sushine Furnace. And I'm buying one-third less coal."

third less coal."

"You see, McClary's Sunshine Eurnace has many features for cutting coal bills that no ordinary furnace has. For integrating the form of the formace has the first has four radiating surfaces that the heat and distribute it through the house. The gas chamber is built to get all the heat out of the gases which would otherwise escape up the chimney. And its four triangular grate bars release ashes without wasting fuel. And its straight fire-pot—"
"Gee! Mr. MeBrids." interrupted the enal.

"Gee! Mr. McBride," interrupted the coal-"Well, you see," said the enthusiastic Mc-Bride,"I went into the furnace question mighty thoroughly before I decided on the Sunshine, and I know what I am talking about."

"Well, Mr. McBride, I must say that the Sunshine is a bad furnace for the coal man's business. But I wouldn't mind surman's business. But I wouldn't mind sav-ing some coal myself, now that the cost of living has gone up so high."

"Better see the McClary agent," was McBride's parting suggestion.

BIG INDUSTRAL PROBLEMS

Intelligencer Special WASHINGTON, July 14-Presiden filson, returning today from a bric winon, returning today from a brief vacation, took up at once the task si-segding what appears to be one of the biggest industrial problems of recent years—the threatened strike of con-ductors and trainmen of castern lines ductors and trainmen of eastern lines. A conference of representative of the railways and men has been arranged by the Secretary of Lalor, Wm. B. Wilson, to be held in the President's private office at 3 p.m. The President intimated today that it was his in tention to do everything possible to bring the warring factions together.

WHY THE BEEF SUPPLY IS SHORT

Experts, employed by a Chicago paper to investigate conditions re-naible for the high cost of living in the United Statel/jand Canada, we reported that while there has been a 333 for each advance in the st seven years, they are unable to say just who is to blant for it. "It U be some time, they think, before we can be convinced that either (armer or the middleman, or the retailer, or the consumer, is alone

the farmer or the middleman, or the retailer, or the consumer, is alone tensuer. In fact, they are inclined on a mare a combination of causes. Professor Shaw, one of the experts engaged, estimates that Canada is foring Sayan,coon or sure in soil fertility, and the consumer has to pay part of that weate. By waste of soil fertility is meant that the acre is not providing; the quantity it should be assigned in the professor of the professor in the the fathers as the East is more to claime than the fathers as the Vest. He refuses to raise cattle, thereby neglecting a paying business; as well as the fertility of the soil. The best-growing industry in the East has a prosticially been abandoned for the last twenty years, and it is a striking fact that cightly per cent. of the bed soid in the St. 100g market last year came from Ontario and the West.

The New Toursawick farmer electares that long hours and constant

attention, and uncertain markets in the past, have combined to give him an utter distaste of cattle raising; but that scarcely meets the argument an utter distants of cattle raising; but that scarcely meets the argument as the present time. Even now, with the high prices of leef, he is not disposed to engage in what would be a locative industry. Since we it he is a distinguish, he laughters his cates and no reduces the num-ber of breeders. It is with the farmer that the remedy for the high price of best rests, not the simple reason that an increased supply would not add proportionately to the expenses of transportation, butchiring or maintaining, but would set intertubly towards a reduction of price to the maintaining, but would set intertubly towards a reduction of price to the maintaining to the state of the stat

Ten years ago the United States was producing vast herds of the Len years ago the United States was producing vast herds of the choicest bed cattle in the worldy, and American bed was shipped to all parts of the globe. Last year the United States imported, in order to meet increasing needs, three times as many, cattle as it exported. The mouths to feed have increased while the supply of beef marks a con-

The price of beef is an important factor in the high cost of living. The demand is great; the supply is inadequate. Why are the farmers the country over not raising more beef cattle?

PARTY ORGANS OF LIBERALISM

English journals, published in the interest of what is termed the

English journals, published in the interest of what is termed the Laberal party in the city of Montreal, have not in the past, except when the party was in power, and had the Dominion purse strings at their litiposal, been a very gerat success.

Since the party weat out of power in 1911, one of its organs, The Witness, has had to succumb: then followed The Herald, which has had a precarious existence, not having been a great success since the latter strings of the party with the party of the pa independent journal.

result of all this is that a new daily has been launched on the he result of all thus is that a new daily has been faunched on the sea of journalism in the city of Montreal, under the imposing title of The Daily Telegraph and Daily Witness," vauntingly in the interest of what is called the Liberal party. It ought to be so, if there is any "Liberal" and "Liberalism" are used

at want is cancel the Liberal party. "It ought to be so, it there is anything in a name, for the words." Liberal "and "Liberalism" are used, in the leading efficient in the first issue, which appeared on the 12th of ITHERTYSINES times, the efficiency is purpose, somewhat the expension of the expension of the transport of the property of the propert

"new venture" has a difficult task before it, in attemption cile the discordant elements that prevail in the party, and will to prevail until the emollient pickings of office again unite them, which, in the interest of Canada, it is hoped is in the far, far, distant future..

The question of who is controlling this "new venture...

The question of who is controlling this "new venture" is agitaing the minds of some perions of the public, and among other statements made, is one by an Ottawp correspondent of the Toronto World, that The first editorial appearing in The Daly Telegraph and The Among the Control of the Contr

concern by an interested, as well as disinterested public."

Kingston Propert Owners Mixed

Residents Don't Know Which House They Own-Purchase Claims a Lot on Which Another Man Had Built.

KINGSTON, July 16-The residen KINGSTON, July 16.—The residents of Durham attrect are in a quandary as to whether they own the houses they think they own or whether they own their next door neighbor's. By some means there has been a general mix-up, the result of which has been that

ty adjoining them. The trouble was discovered a ab-time ago, through a real estate tra-action. A local revibent, who clais to have purchased two building it on Burham street, states that his rip hand in righton has erected a hound in meighbor instrast, as the his is on his own lot, then the one adjoint him is his. The same condition is

shored out. The records at the registry affice have been searched but they do not arraighten out matters as far as the first party is concerned, because there seems to be one but missing. It is thought that when Macdonald stew was opened up, one of the body of the way of the seems of the city for this purpose but that it was never registered. This would make one of the lots which the purchaser claims to have bought, the purchaser claims to have bought.

NORTH GREY ELECTION

ereaching election in its results than that just held in North Grey-ortant on account of the issues laid before the electors for their

important on account of the issues laid before the electors for their consideration, first, on account of the charges which were bid at the door of Premier Whitney and the Hon. J. W. Hanna, Provincial Secretary, which weige foundationtes, and so promonored by a Legislative committee, and now by the electors of North Girey by a exasping manjority; and the "Assighist the hair", plank in the Opposition platform; both of which came out of the fight with a pair of "black eyes."

The significance of this centest, from a political elegiblation, and 1914, by many lording and even it is remembered that North Girey has been held by the Liberhai in the election contexts of 1924, 1924, 1924 and 1924

The opinions of Sir James Whitney, Mr. Hanna, Mr. Lucas and Mr. Rowell were sought by the Toronto News, and as given are characteristic of the men. There is a plain unvarnished frankness in the language used by Sir James in expressing his opinion that commends itself to those who dislike and abhor canting hypocrisy.

SID JAMES

replied to the questions put by the interviewer in this style:

"Looking at it from every point of view our great victory yestedig then all in the InTakase view of the Control of the Con

Mr. Ben Spence caretuity sertained from even antaining to gir "Janansa Mrs. Ben Spence caretuity sertained from even antaining to gir bannsa the bar" policy, will sole have noticed the remeasurable fast that since the declaration of his policy, Mr. Rowell, instead of enhering every possible opportunity to put it before the public, have run away from it deliberately in several constituencies. In North Waterloo, Muskoka, South, Lanarka and Centre Grap, bed did his, shibough he held one quick south, and a candidate in the field, although the then late member he hours at candidate in the field, although the tens late member he hours at candidate in the field, although the tens late member he hours at candidate in the field, although the tens late member he hours at Carety, but in the North Grey case les stayed away from the Riding unforced to the control of the control of the control of the force of the fo

HON. I. B. LUCAS.

The Hon. I. B. Lucas, Provincial Treasurer, said:

The Hon. I. B. Lucse, Provincial Treasurer, said:

FACTS ABOUT THE CHEESE OUTPUT

The Liberals are at their old policy of preaching "blue ruin" again They are making an appeal to the agricultural class of Canada in anticipation of an election in 2014 ou the ground that the great cheese making industry of Southern Ontario, Quebec and the Maritime Provinces is declining because of protection given to the manufacturing classes. To support the assertion the fact is cited that the export of cheese from Canada in 1912 was twenty-eight million pounds less than in the pre-

The Liberals make the initial mistake of attacking to policy which The Liberals make the intital mistake of attacking is policy which has enormously increased the number of consumers of agricultural products, cheese being among their. It would be difficult to explain how that policy can have caused the decline of the dairy industry, while at the same time increasing the number of consumers.

the same time increasing the number of consumers.

But the figures quoted prove something entirely different to what, the Liberals would have the country believe. They prove not that the total production has declined, but that the export to other countries have faillen-oil. They prove that, owing to the immigration of Europeans, who are cheese-eating people, there was little if any reduction in the output of factories throughout the Dominion. If there was any declinit was due to the following ascertainable causes:

noval to the west of many farmers with 'their live stock

The sale to western farmers of thousands of fine dairy cattle from

Scarcity of farm labor in Ontario, owing to which It has been sary by many dairymen to reduce the number of their herds. The sale by a considerable number of farmers of their milk to deal.

These causes have tended to diminish the quantity of milk to be these causes have tended to diminish the quantity of milk to be sent to the factories. But these conditions will right themselves shorts by and the farmers will not be deceived by the humbug about the de-cline of the chose industry presented by the Liberty. The west will within a very few years manul acture cheese for home consumption and a considerable quantum for each property.

The lack of farm labor in Outario is being gradually supplied. The sale of milk to cities has been found unprofitable as the price reived is equivalent to butter at 18c, to 20c, per pound, while at the

present price of cheese, the return from milk sent to the factories equals butter at 28c. to 30c. per pound. All facts prove that the cheese industry is on a sound and safe

Descrante Notes

(From The Post)
At the recent examination of the Foronto Conservatory, of Music, held in Napance, Miss Lulu VenVlatk, Napance Road, passed successfully her infermediate piano exam.

We have been reliably informed that since leaving Descrotto the Rev. Mr. Wagner has had an attack of appendicitis, and was compelled to undergo an operation.

Miss Pearl Bowerman, pupil of fr. Wm. Eppes, passed her examina-on of the Toronto Conservatory of usis, held in Napance recently.

Miss Evelyn Perry, who has spent per two weeks holidays very plea-tantly at her home, returned to Tor-noto on Raturday to resume business on Monday.

Mrs. Holman, of Detroit: Mrs. fowen, of Cleveland, Ohio, and Mr. nd Mrs. Frank O'Connpr. of Torono, are guests of Mr. and Mrs. Chas. longe, Dundas street.

Mri. J. S. Lyons and two dauethers, Ruth and Kathleen, left per fleamer North Kine for Gannouge, there they will take the G. T. R. for Montreal, the Laurentian Mountains, and Fort Covintions, N. Y., to visit this relatives and first order for a few modes.

Some of our bormposph have wondered if the those in our new sta-tion was going to be like the totion was going to the Releville station. In reply to a question put to Mr. King, the bross-the scalebram stated that the floor would be of these out. The concess-tion of the state of the state of the Belleville, see will certainly have the pest station on the line between Na-pumes and Toronto.

liness is strictly observed. It is processed, through which the peak at before the cans are finally it. In conversation with the reaches of the concern, Mr. E. C. Metthe "Post" max would not be at the property of the the company eventules not start a pickling branch their special plant gloudy their special plant going they report of the year.

DO WE OWE NOTHING TO ENGLAND

The old Liberal contention that "Canada owes nothing to Eng land" had to do originally with the naval defence question pure and simple. It has recently been made to embrace every conceivable point upon which the plain duty of Canada is acknowledged by all right-

nking men to rest.

Canadian financiers are coming back from London with the new that the Liberal action in killing the Naval Aid Bill has greatly injured the position of Canada from a borrowing standpoint. Great Britain has for years provided Canada with capital for great works of develophas for years provided Canada with capital for great works of develop-ment. And Great Hirtian has not only provided this capital, but pro-sided it on more generous terms than she has averoided to any other provided it on more generous terms than she has averoided to any other provided in the provided provided by the provided provided and follow subjects overseas with money at least one per cent, chapper than foreign countries, and Sir Edgas Speer calculated recently that the an-unal interest saving to the dominions and dependencies is at leasy £10,000,000, a very handsoape preference. In other works, for the same payagents of interest these countries have been able to raise £250,000,000 do dollitonal capital.

Moreover, to the detriment, be it said, of Consols, Great Birtian has added about £10,000,000 of Colonial and Indian savkes and thus

has added about £650,000,000 of Colonial and Indian stocks and thus enabled the Dominion, Provincial and State Governments of the Empire to raise money on far more favorable terms than would otherwise have been possible. When questions are raised as to the return which Great Britain gives to the trade preferences of the Dominions, the en-Great Britain gives to the trade preferences of the Lommons, the en-ormous advantages which the latter gain by the preferential treatment of their issues, both by the people and the Government of Great Britain, should not be forgotten. If some great convulsion checks the flow of capital from Great Britain no other lender will be found from whom uch terms can'be obtained.

such terms can'be obtained.

He cannot be tolerated as a member of the Association, no matter how we may ply Mis infamity. Sympathy must not condone his offeres; has intuitivitied has lowered our beloved Association by the eyes of the public and done irre-posed to have been associated by the condition of the composition of the possible harm—he must be suspended, public.

er branches of the Order, the Orange Young Britains, True Blues, and Prentice Boys should co-operate with the Orange Association in every effort to preserve the honor of our

beartedly advocating temperance r form. It is easy for Mr. Rowell to as that an alliance exists between the liquor interests and the Whitney Go erament. What the people see is the Mr. Rowell is in alliance with French Mr. Rowell is in alliance with French fanatics. The Opposition leader may other a few brench seats by his vote catching policy, but he certainly will forfeit the estern of misety per cent. of the people of Ontario. If he wants certain reforms to acceed, he will change his attitude on the bi-lin-gual question.

CURRENT LOMMENT

A few writes ago the livence and goodwill of a Tenutto hotel changed, hands for over \$100,000, and nor the process is being repeated in the case of another for \$80,000. The thirsty in the Untario city must be many and of great capacity to make such a condi-tion pseedde.—Montreal Gazette.

The strike of silk workers in the mills of Paterson, N.J., is mor in its twenty first week, and is showing rigges of a collapse and rash to work on the part of the strikers. The fighth has been engineered by the Industrial Workers of the World, whose lender manufer 25,000, many of whom are for-eigners.

number 29,000, namy of whom are for-eigners.

The Gudph Mercury talks of the new industry which was lambed there by the Industrial Committee and con-dustries are forested when the people show a desire for them. Kimpton treats all new courses well, but it does not look them up.—Kimpton Whit;

Edit-tills books them up, but does

Belleville looks them up, but does not seem to land them.

The exodus of people from the cities at this time of the year is a signifi-cant compliment to the pleasures of ural life in snammer which the coun-try boy reflecting upon the call of the city should not overbook.—Ottawa Journal.

Compared with Toronto in popula-tion, that is the reason why Belleville

The Real Estate Agent Tells Why

"I DON'T see why this house is worth \$3.00 more rent than the house across the road which is about equal in size."

"But, madam, this house is heated with a McClary's Sunshine furnace. The house across the street has just an ordinary furnace.

"In this house you are sure to be warm, cozy and comfortable. Houses heated with Sunshine Furnaces are known among real estate men as warm houses."

"I've a McClary's Sunshine in my own home, madam. And it's a great comfort, We don't fear zero weather any more."

"I guess that's true, Mr. Douglas, Some of my friends have that furnace and they are always praising it up to the skies."

"Well, you see, madam, the Sunshine furnace is made and guaranteed by the biggest stove and furnace makers in the Empire. You naturally expect such a furnace to be of the very highest class."

"Just come down stairs with me, madamand I'll show you the four radiating surfaces, the semi-steel fire-pot, the dust-flue, the automatic gas damper, and the other big labor-saving and fuel-economizing features of McClary's Sunshine Furnace."

PART OF WHAT CONSERVATIVE POLICY HAS DONE FOR CANADA

Representative Oscar W. Underwood, of Alabama, chairman of the House Committee on Ways and Means, and principal author of the De-mocratic Tariff Bill, declined recently to comment on the declaration of Sovernor Foss, of Massachusetts, that the terms of the Underwood measure were such that American manufacturers establish plants in Canada in order to keep alive.

ertablish plants in Canada in order to keep alive.

"I do not care to be intercience," he sold.

Government reports bear out the staterient of Goyerno' Foss, that all over the United States the tendency among the principal manufacturing interests is toward the establishment of plants in Canada, and, that the movement has keep niging on for many years. It is estimated at the Bureau of Foreign and Domestic Commerce that American capital insential in Canada, manufacturing the state of the Canada and Cana invested in Canada now aggregates \$500,000,000.

There has been a remarkable increase in American investm

never ass been a remarkanie increase in American investments throughout the Dominion within the past few years. According to figures collected for the five years' period, 1995-9 inclusive, the amount of American investments was Synog.5000. In May, 1911, it was estimated that these investments were approximately \$817,414,221. Similar these investments were approximately \$817,414,221. Similar these investments were approximately \$817,414,221. Similar to the belief of officers of the flowerment who have been avording to the belief of officers of the flowerment who have the part of the second of the second officers of the flowerment who have the part of the second officers of the flowerment who have the part of the second of de a study of the subject, there has been an additional

he neighborhood of \$80,000,000.

Recent reports on the subject from American consuls and other sources of information in Canada have not been collated recently, but officials are satisfied the estimante of half a billion dollars of capital inofficials are satisfied the estimatnte of half a ontion donars of capital invested is not far out of the way. While many of the investments are in lumber, mines, farms and natural resources of the Dominion, a very large amount of American capital has been sent into Canada in recent

pears to establish branches of industries already in operation in the brited States or to develop now lines of manufacture. In May, 1911, F. W. Field, the sub-agent of the British Board of Trade at Toronto, made the approximate estimate of \$477.443.221. He had previously estimated that the American capital invested in Capital Control of the Cont

ada was \$297,000,000, and the higher amount represents a reconsider-ation of that estimate based on more complete information. Sub-agent Field gave these detailed estimates of American investments:

reted gave these detailed estimates of American inevestments:

200 companies with an average regulari of 800,000-00-\$12,4400,0021

WHAT LIBERAL TALK

REALLY AMOUNTS TO

The Liberals have devoted a great deal of decla ning of the Canadian warships. They have talked of "empty Dread-noughts," and have poured scorn in the idea that any of the seame on the Canadian vessels should be other than Canadians. The Laurier Navy recruited only 341 men and boys, about enough to man one light cruiser; but that makes no difference to the Liberals; they must have all the ships manned by Canadians,

Before we quite agree, it would be a good idea to ask how m men the Laurier policy would need. We remember that the Laurier amendment of last session called for the building in Canada, at a road of about \$1.00,00,000 for plant and ships, of two fleet units. Two fleet units would mean two Dreadmoughts, six light cruisers, twelve destroyants would mean two Dreadmoughts, six light cruisers, twelve destroyants would mean two Dreadmoughts, six light cruisers, twelve destroyants would mean two Dreadmoughts.

s and six submariner.

Bach Dreadought, if of the latest, or "Queen Elizabeth" type,
Bach Dreadought, if of the latest, or "Queen Elizabeth" type,
buld need rather over 1,200 men. The "Lion," with right 13½ inch
nos has a complement of 9% onen. The "Queen Elizabeth" has eight
inch guns, and the greater weight of the armament and the size of 15 inch guns, and the greater weight of the armament and the size of the ship, would call for more men. Thus the two Dreadmoughts call for

The light cruisers presumably would be of much the same type a Each of these vessels need about 350 men, exof officers. The six others would need 2,100 men.

The destroyers now under construction demand 100 men each dozen would require 1,200 men.

The submarines would probably need about 200 men. Crews mu changed frequently, "mother-ships" are needed, and the demamen can hardly be put lower.

Thus our sum works out thus:—
Two Dreadnoughts 2,000
Six light cruisers 2,100
Turvee destrayers 1,200
Six submarines 2,000

Total

Thus to five our two freet units one crew spiere and no more would for 5,500 men. But a many must have more than one even for any must be remain units of elementary training; them must be trained men taking advanced courses of instruction; there are must be trained men taking advanced courses of instruction; there are must be trained men taking advanced courses of instruction; there are must be trained men taking advanced courses of instruction; there are must be trained men taking advanced courses of instruction; there are must be trained men taking advanced courses of instruction; as the first any only about 1position of the men the many are almost a spin of the spin of th

ing nor line, we find that 1,200 men must entitle ePery year for seep no face of 7,000 up to strength.

Died to Rescue

John Firth, Grand Trunk Foreman, Ground Under Locomotive Wheels

ing to rescue a fellow-workman from under the wheels of a shunting engine at the Remi street crossing of the at the Remi street crossing of the Grand Trunk Raisway at 10.30 o'clock this morning. John Firth, foreman shunter, living at 63 Paris street, was crushed to death under the wheels.

crushed to devth under the wheels.
According to investigation made on the ground by Liect. Collins, Edwin Gray, a shunter working under Firth, had good underneath the engine. While he was still there a signal was given by another shunter to more absed. Engineer Smith, in charge of engine 70 at the time, knew nothing of Gray's presence under the locomo-

tive and started the engine.

As the engine began to more Firth,
the only one aware of Gray's position, shouted to the engineer, but ecaping atamn prevented his cries berefine heard. He made a jump for the
locosocitive with a view to applying
the brakes himself, but was thrown
under the wheels and body manziede,
Gray assa kann from under the bix
engine sitter in had been brought to a
tandstill, uniquipered.
Manadelin descriptions

Dr. McNaughton, of Mountain dreet, was called and prenounced Firth dead before the ambulance meral Hospital arrived.

CARE OF BABY'S MOUTH

Remedica May be Resorted to For Several Alimenta

The baby's muth needs constant, careful attention. Cless most common form of sore mouth in little babies is "thrush" or "sprue." Bellean-

form of sore mouth in little bables is, 'threath' or "sprue." Deletate bables are much more susceptible to this disease than healthy bables. The presence of thrush is shown by tiny, white specks and threads on the reof-and sides of the mouth and on the torgue. Sometimes the Infammation extends through the entire allowestary reads.

settled through the restrict allimination contains a street through the restrict allimination contains. In trasting the disease, great care in the contains a street of the street of th

A MODERN DRY DOCK

That work will be commenced immediately upon the new Government dock at Levis, in the Province of Quebec, is the announcement recently made? Thus, another Government promise has been fulfilled, and in a couple of years there will be a national dry dock at Quebec able to accommodate the largest ocean liners or battleships affoat. Its cost to the Government will be almost two and three-quarter million on the comment of the control of the c

coid to the Government will be almost two and three-quarter million dollars. The contract has been avanted at that figure.

This is the first step towards the construction of a zerie of big the contract of the sind Pacific shipping of Canada. Another day dock is to be built by the Government at Esquimantly, and similar projects are contemplated for Hallars Step. John, Spring and Vancouver. These day docks will also have a naval defence aspect, since they will be available for any British battleships in Grandian vasters in time of war.

British battleships in Canadian waters in time of war.

During the last shipping season a series of repretable accidents on
the St. Lawrence caused the Government to complete promptly, what
the Laurier Government had been merely talking about for years. Friyate firms could not be secured that would be willing to take the risk of
building the dry dock by the aid of a Government subsidy. The Government then decided to construct the dock as a state-owned proposi-

.Whereas, formerly big liners had to be sent outside of Canada fo Whereas, formerly big liners had to be sent outside of Canada tor repairs in case of accident, now Canadian labor in a Canadian dockyard will have the advantage of the work. The money expended in the con-struction of the dry dock will be doubled in a few years in a return is income to Canadian workmen. The developing and the increase of

income to Canadian workmen. The developing and the increase of Canadian shipping will guarantee that return. as expain shops for a Canadian shipping will guarantee that return. The application of the control of the c move that trouble,

HOT WEATHER OUTFITTING

Here Are Suggestions For a Man's Summer Comfort!

Cool Suits of Serge, Cheviot and Homespun, two or three piece styles, \$8.00 to \$25.

Soft Soiscite Shirts with soft collars, 75c to \$1.75.

Bathing Suits, both two piece and union styles, 25c to \$2.00

Nainsook Underwear, low priced and ex-tremely comfortable. Gauze and light weight underwear. Knee lengths and short sleeves are worn more and more. Union Suits in light weights and gauze are being adopted generally this season. 25c, 35c, 50c, 75c to, \$1.50.

Straw and Panama Hats, many choice styles, 75c to \$6.00.

Here's an ocean of real summer comfort for the "overheated man" with not a price to prevent his buying an entire outfit.

forms and Letters of Popular Past

LONDON, July 23 - A like production of the patch to the Time age; it is removed the progression of the Alfrica enum have sold the Glip Bieldell manuscripts of Robert Barra via American millionaire for \$25.000. These manuscripts consist of a 181 page volume of peems mostly in the volume of letters, also in his handwriting.

When a married man does anything Quite frequently, creeds in neel that is particularly huttal his wife trie; meetly needy friends. There is and to ensure him by sagings "10b, well hele cont of freed in need, i ledged, but also have the him price is deliver who may human."

The Clink of Comfort

in a glass of

Iced Postum

Means more than the passing pleasure of a cool drink on a hot day.

Postum contains no drugs, but it does contain vitalizing food elements from wheat that afford lasting refreshment, and sustains the heat-wearied body by furnishing the support Nature requires.

Instant Postum dissolves instantly in hot water. Chilled with ice and flavoured with sugar and lemon, it makes a delicious dink that cools and comforts and is really a food for Brain and Nerves.

"There's a Reason" for Postum

HOT WEATHER

OUTFITTING

Here Are Suggestions For a Man's Summer Comfort!

Cool Suits of Serge, Cheviot and Home-spun, two or three piece styles, \$8.00 to \$25.

Soft Soisette Shirts with soft collars, 75c to \$1.75.

Bathing Suits, both two piece and union styles, 25c to \$2.00

Nainsook Underwear, low priced and extremely comfortable. Gauze and light weight underwear. Knee lengths and short sleeves are worn more and more. Union Suits in light weights and gauze are being adopted generally this season. 25c, 35c, 50c, 75c to \$1.50.

Straw and Panama Hats, many choice styles, 75c to \$6.00.

Here's an ocean of real summer comfort for the "overheated man" with not a price to prevent his buying an entire outfit.

dog allowed the automobile to pass over neath it, much to the am himself and emerged unscathed from be, bystanders.

When Mr. Roberts Met Dr. Dewar

BY the way, doctor, why did you decide on a McClary's Sunshine Furnace for your fine new home?"

"Well, Mr. Roberts, principally because the Sunshine's water pan is correally placed over the fuel door, so that the moisture, as it is evaporated, immediately ascends into the pipes leading to the rooms. The air passing through the registers thus contains plenty of healthful moisture."

neatinui moisture.

"Dry air is bad for anyone to breathe,

"Dry air is bad for anyone to breathe,
Mr. Roberts. It parches the throat, fips and
skin. It excites the nervous—system.
Makes people restless, irritable, without
knowing why. Makes them, abbject to colds
too, when they go out into the moister air
of out doors.

"Great Scott! Doctor. You surprise me. I never dreamt the placing of a water pan in a furnace was so important."

"And there are other features about Mc-Clary S sunshine Furnase that are conducive to good health, Mr. Roberts. There's the Automatic Gas Damper that provides for the escape of coal gas up the chimney instead of into the house when the pressure in the com-bustion chamber becomes too great. There's the dust-flue, too, that curies away all the dust from falling ashes. But I've got a case across the road, so you'll have to excuse me. Drop in, tonight, and I'll show my 'Sunshine' to you." "And there are other features about Mc-

CURRENT COMMENT

CANADIAN HOME MARKET

BECOMES GREAT CONSUMER

farmers of Canada, ignoring the fact that the best market of all is the home market, which the farmers of the Dominion today are unable to supply. This home market they would have handed over to the Amer-

icans to get in exchange a market which is already over-supplied.

Just how great is the Canadian home market is shown by the fact that last year the Dominion imported over \$2,000,000 worth of butter, stated in the Lorentz of the first time in sixty years ex-red no butter to Great Britain. Last year, also, we purchased half : illion dollars' worth of eggs from abroad, principally from the United

crease in imports is due not to smaller production on the part of the agriculturists of Canada, but to the remarkable growth of the home market of the Dominion. Dairy Commissioner Ruddick states that there has been as much increase in milk production, taking Canada as a whole, during the past decade us there was during any other similar period in the history of the industry.

Mr. Ruddick states: "In one way or another Canadians are con-

suming between thirty and forty million dollars' worth a year more of dairy products than they did ten years ago. 'Let me give you an illus-tration of this increase. During the period when the creameries in Alon Go berta and Saskatchewan were operated by the Dominion Government it was a part of my duty to find a market for the butter produced there

in. In 1903 the total output of creamery butter in these Provinces wa less than three-quarters of a million pounds., At that time there was no butter being shipped to the Western Provinces from Eastern Canada and yet we found it necessary to export over 100,000 pounds to Grea Britain to avoid a serious glut in the British Columbian and prairie

markets. place, Alberta and Saskatchewan produced about four million pounds o creamery butter in 1912. At least 200,000 boxes, or 11,200,000 pounds were shipped from Ontario and Quebec points west of the Great Lakes 1,000,000 boxes, or 5,600,000 pounds will be imported from New Zea land (April, 1912, to March, 1913) making a total of 20,000,000 pounds in 1912-13 as against half a million pounds which met all requirements in 1912-13 as against and a minion pounds which met all requirements in 1903-1. These figures refer to recamery butter only, but there has also been a very large increase in the output of dairy butter—in the Western Provinces, most of which is consumed/locally. I have no statistics for Manitoba, but the conditions in that Province do not differ greatly from those in Alberta and Saskatchewan. Now, when we con-sider that the population east of the Lakes has increased very nearly as much during this period as it has in the Western Provinces, we get some idea of why our exports have fallen off."

VANCOUVER, B.C., July 29 .-

March to secure the stock for the east

Oliver, Miko Clark and the blockers, Belleville wouldn't object to a slice of that aum so add in paring F our wreet. We need the cash slight.

The British Government, according to the recent statement of the First action of the Admiralty, still rounts great the cash alright. Record Shipment sir Wilfrid Laurier bears it.

We Are Placing on Sale Every White and Colored Parasol in Stock to Clear at Exactly Half Price

With still two months in which a Parasol will be an absolute necessity we are placing our entire stock of White and Colored Parasols on sale at the extremely large reduction of one-hall off regular price. This will surely be glad news for the lover of Parasols, that are up-to-theminate in style and the qualities excellent. A chance like this is rarely offered and by taking advantage of it you will be the proud owner of a pretty parasol.—bought at a baragin.

Some Interesting News From Our

Women's Summer

Dresses \$1.95

One of the most pleasing features of these dresses is they are most appropriate for either house or street wear. They come in ginghams, chembrays and percales, in stripes and checks. They are exceedingly well made and neatly trimmed. They sold regularly from \$2.25 to \$3.00 each, we slage them on sale Thursday.

One of the most pleasing fea-

LITERARY NOTES

A SONG FOR AUGUST ns A. Daly in August Canada

Monthly. Here's the year on the wane, There are sings in the sky, In the woods, on the plam, That its noon has gone be. But the harvest's to gain And the roof nights are nigh. When the year's on the wane.

Here's the year on the wane. There's a hask in the blue; In the wheat a red stain. Where the poppy peeps through But there's bread in the grain. And there's warreth of love, it. When the year's on the wane.

Here's the year on the wane. From the night shrouded hill, Comes the katydid's strain. And the wind's shistle shill. But type-bearts may contain Att the apring's music still. When the year's on the scane.

ANOTHER SCORE POR WILSON

According to a report from Ottawa word has been received that the question of tolls exemption on the Panama Canal is, after all, to be annihized by the United States to the international tributal at The Hague. It would appear that the objections to this course detection which have from time to time been much by certain sections which have from time to time been much by certain sections at Washington have been over-eiden, and that Perindent Wilson has been able to reverse the course of the action taken by Perindent Tail. It this prove is ton.

the course of the action taken by President Taft.

If this report is true, it is another triumph for Woodrow Wilson, another proof that the United Statess elected a big man to be bead of these executive for the next four years. There can be no doubt that the strongest influences were brought to bear upon him to stand past and the column of a dishonorable action to attach itself forever to the Republican administration which he succeeded, but Wilson is not the in either to play politics or to allow the contin he can right.

More than a final settlement of the question is involved in the sub mission of the tools matter to international arbitration. There are seven arbitration treaties the ratification of which was held up by the United States Senate because of the opposition which had developed to the alleged interference of Great Britain in the settlement of the Pana-

the alleged interference of Great Britain in the settlement of the Pana-na tolls. It was the intention of those who objected to Britain protest against the violation of the Hay-Paunecfoot treaty to insert in all these arbitration treaties, including the one with Britain, a clause which would exempt not only the tolds that all questions concerning the canal, its arm-serment of the control of the treatment of the treatment of the control Such a purely arbitration of the treatment of the work of the violation of the Hay-Paunecfore agreement involved in it would have utterly ruised the value of arbitration treaties, in general. That the present government of the United States has shown itself strong crough to divergent due circle of jingoes and the rabid attempts to arouse a false public seatiment against Great Britain, without whose assert the Paragonal Control of the control of the control of the control of the round makes and the rabid attempts to arouse a false public seatiment against Great Britain, without whose assert the Paragonal makes and the rabid attempts to a public seatiment against Great Britain, without whose assert the Paragonal makes and the rabid attempts are used for a similarly control of the paragonal parag broad minded and fair settlement of future international questions.

proof missed and fair actitement of future international questions.

CARE OF BABY'S MOUTH

Home Remedies May be Resorted to For Several Ailments

The baby's mouth needs constant, careful attention. The most common form of sore mouth in little babies is "thrush" or "sprus." Delicate babies "Grinus" or "sprus." Delicate bables are much more susceptible, to this disease than healthy bables. The presence of thrush is abown by tley white specks and threads on the roof and sides of the mouth and on the tongue. Sometimes the inflammation extends through the entire alimentary

canal.

In treating the disease, great care must be taken not to rub the spots or they will bleed. Wash the mouth out with boracle acid solution before and after every meah. Be succeeding careful of all bottles and nippies. Never put food into a bottle that has not been sterilled with boiling water.
